

Hello Summer 2024

Maria's Corner

HAPPY SUMMER
from Celtic Angels Home Health Care

As the warm summer sun graces us with its presence, I want to take a moment to express my heartfelt gratitude to our incredible caregivers and staff who make Celtic Angels Home Health Care the compassionate and dedicated service it is today.

Each day, our team goes above and beyond to ensure that our seniors receive the highest quality of care. Your unwavering commitment and tireless efforts do not go unnoticed. From providing essential medical assistance to offering companionship and emotional support, you embody the spirit of kindness and professionalism that Celtic Angels stands for.

This summer, I encourage you all to take some time to enjoy the beautiful weather and find moments of relaxation and joy. It's important to recharge and take care of yourselves, just as you so diligently take care of our clients.

Our mission has always been to deliver exceptional home health care services with a personal touch, and it's because of each of you that we can achieve this. The trust and happiness we bring to our seniors and their families are a direct result of your dedication and compassion.

Thank you for being the heart and soul of Celtic Angels Home Health Care. I am incredibly proud and grateful to work alongside such a remarkable team. Together, we continue to make a positive impact on the lives of those we serve.

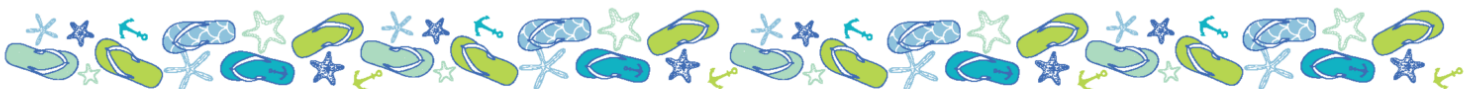

Wishing everyone a happy, healthy, and sunny summer!

With gratitude,
Maria Burke, RN, Owner

2024 Top Places to Work Survey Response

A very big "thank you" to all caregivers and staff who took the time out of your very busy schedule and completed this year's annual Top Places to Work survey from the people from Energage. We achieved a 52.8% response rate. That means all of you caregivers and staff included - made the effort to let us know how you feel about the company; what you think we're doing well and where we might improve. We cannot continue to be among the "Top Places to Work" without your input. We thank you from the bottom of our hearts.

Charity Corner

Once again, Celtic Angels Home Health Care supported the annual Catholic Charities Event. This was the organization's 40th year hosting this important event. Those who are looking to become a Certified Nursing Assistant can get free training. Celtic Angels hires CNAs from Catholic Charities. "We fully support and believe in the amazing work that Catholic Charities does," said Maria Burke, RN, owner Celtic Angels Home Health Care.

Mary Irving is an LPN for our Weymouth office. Mary is a visiting nurse and case manages our patients. She provides unwavering support to our caregivers working in the field and helps liaison with our office staff and CNAs. Staff and caregivers alike love her because they feel so comfortable with her. She always makes sure that the caregivers have everything they need to do their very best job and provide exceptional care to their patients. She's been with Celtic Angels for more than 10 years and not only has she provided excellent care to all of her own patients but also to the entire Celtic Angels family. She's a great grandmother and enjoys spending time with her children, grandchildren and great grandchildren.

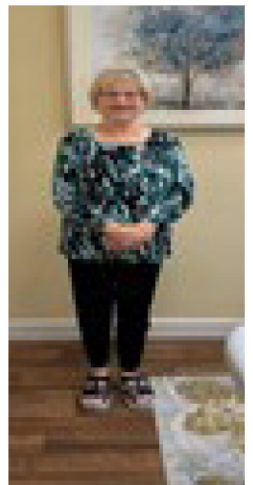

Mary Irving, LPN

Angel of the Season

We wanted to acknowledge one of our very special Home Health Aides, Elizabeth Sheffield. Elizabeth has worked for Celtic Angels since June of 2015. Liz worked in higher education at Tufts and several other 'corporate' occupations. Raising triplets was a full-time job in and of itself so when Liz wanted more flexibility in her work schedule, luck was on her side and she met Maria Burke, RN, and several other employees of Celtic Angels. Soon after she began as a home health aide and has been there for years. "I tend to stay in my job positions for a long time," said Liz. "I don't typically like to change where I'm employed but I knew I wanted more flexibility than a 9 to 5 job could offer. Working for Celtic Angels affords me that flexibility and best of all, I have grown very close to my clients. I have become an 'extended' family member of sorts. It's so incredibly rewarding," she said.

A Slice of Heaven

This issue, we're featuring the very special region of Ireland, Rosmuc Conamara. Our very own Josephine Conneely, HHA is from Rosmuc, Conamara. And we wanted to recognize her particularly because she has worked for Celtic Angels since 2007! Thank you, Josephine, for your many years of incredible service!

Rosmuc or Ros Muc, sometimes anglicised as Rosmuck,[1] is a village in the Conamara Gaeltacht of County Galway, Ireland. It lies halfway between the town of Clifden and the city of Galway. Irish is the predominant spoken language in the area

Outdoor enthusiasts will find no shortage of activities in Connemara. Hiking, cycling, and fishing are popular pursuits, with numerous trails and waterways offering opportunities to experience the landscape up close. The Connemara National Park is a must-visit, providing a protected area where visitors can enjoy the region's flora and fauna in their natural habitat.
